World Food Day is an international day celebrated every year around the world on 16 October in honour of the date of the founding of the Food and Agriculture Organization of the United Nations in 1945. The students of Department of B. Voc. Food Processing and Quality Management celebrated World Food Day in their own creative manner. They made varieties of food products that are made from aloe-vera and amla based products like amla based health drink, Amla Supari, Amla Powder, and other by- products and aloe-vera burfi, aloe-vera juice etc.

The students were motivated not to waste food as wasted food means wastage of money and efforts which is never good for anyone. The selling of more than 30 products in the world food day in the college campus. Students takes hands on training as well as marketing knowledge in the product exhibition. The teachers encouraged them to adopt healthy eating habits as eating well is fundamental to good health and well-being.

World Food Day is an international day celebrated every year around the world on the theme of World Food Day 2019 was “**Our Actions Are Our Future. Healthy Diets for A Zero Hunger World**”. It focuses on tackling global hunger. Due to globalization, urbanisation, and income growth, our diets and eating habits are changed. Instead of seasonal, fiber-rich food and plant-based food we are shifted to refined, starches, sugar, fats, salt, processed food, meat, etc. It has been seen that in urban areas the time spent preparing food or meals is very less because people these days rely on ready-made food, supermarkets, fast food, street food, etc.
