**Objective**

Slow and Advance Learners Activities were organized under the following objectives

1. To improve the performance of slow learners.
2. To provide additional help and remedial coaching to slow learners.
3. To motivate slow learners to do better.
4. To motivate advance learners to strive for higher goals.

**Program Report**

Various activities for slow learners were organized at department level during the academic year 2022-23. These included remedial lectures, mentoring program, class tests, peer-teaching, home assignments. The slow learners were identified by knowledge performance test. Students were informed well in advance about all the activities. Total 35 remedial lectures were organized and 4 revision lectures were organized for the students. The lectures were conducted twice a week for following subjects - Biological Chemistry, General techniques in Biology, Molecular Biology and Parasitology by Ms. H. J. Gavit and Mr. S. Pokale. Class tests were conducted regularly to keep a track on the performance of students. Students were also provided with additional study materials.
