

E-GOVERNANCE POLICY

Scope

The scope of this policy extends to the following areas:

- Administration Process
- Admission Process
- Examination
- Library
- Accounts and Finance
- ICT Infrastructure

Objectives:

- Implementation of E-governance in all functioning of the institution in order to provide simpler and efficient system of governance within the institution.
- Achieving efficiency in overall functioning of the institute.
- To achieve and create a paperless environment in the college.
- To provide easy and quick access to information.
- To make campus Wi-Fi enabled.
- To make the Classrooms ICT Enabled with Desktops, Laptops, Smartboards, Projectors, ICT enabled devices etc.
- To establish a fully automated Library.
- To incorporate the use of updated versions of softwares required for the institute.

Policy:

The college has designed an E-Governance policy. This policy shall apply to the administration, examinations, library, accounts, admissions, administration, teaching and other e-governance tasks .

This policy is designed and framed to make each and every function easy, transparent and accountable and with accuracy

The College decides to make the following policies and procedure:

Website: The website will act as a mirror of the college activities and information about all activities, important notices, courses offered, etc. For this purpose, a separate service provider/web designer will be appointed by the college. Training will be given to the administrative and teaching staff to make important updates on the website. A Website Committee to be formed for the administration of the college website. The Committee will look after the process of updating, maintaining and

working of the website on a regular basis. The Committee will also look for other changes that are required on the website. The College strives to showcase its vibrant self and activeness through its website. All the important notifications have to go live on the website as and when they are released.

Student Admission:

Use of ERP to manage all student data including course, fee submission. An open and transparent strategy for the admission process is followed which is further strengthened by the ethical practices and regulations as opined by the University of Pune. The College brings out its Brochure which is displayed on the website that has guidelines for the admission process. An Admission Portal to be used to manage the admissions in the college. Number of students applying to each course, withdrawals, fee submission, all to be managed through this Portal only. Students are required to submit a separate Online Application Form for taking admission to the college and for this purpose an online software Vridhhi to be used by the Admission Committee.

Accounts: The office continues to maintain its account on Tally. Latest versions of the software to be purchased and used by the college. Advanced features help the staff to maintain financial records effectively and efficiently. Profit and loss, Balance Sheet are generated through this software only. All the analysis reports are also generated through Tally. Appropriate security measures should be taken for maintaining confidentiality of the transactions. Training to the existing staff and updation of the existing software must be done regularly. The College also uses multiple software like Tally, ERP 9 which is used to manage the funds received from the Government, Payroll Management System which helps to automatically calculate the salary, generate salary slips, disperse the salary to the bank accounts. TDS, Provident Fund, Allowances, etc all are managed by this system. Reports can be generated for all Staff members. Payments are generally made and received through online mode such as Razopay payment Getway, NEFT, RTGS, Bank Transfers, etc.

Library: The College continues to maintain its academic excellence through maintaining a well-stocked library. The College will add more and more e-learning resources for the benefit of the teachers and the students. The College should continue to subscribe to new journals and books regularly. Recommendations are taken from the teachers and students while subscribing to the e-resources. Teachers can apply to get books of different authors for the subjects they are teaching to increase the knowledge database.

- The Library to install Libreria software which should have an easy to use- Graphical User Interface, unicode support with Multilingual Search and export facility for most reports.

- The use of Online Public Access Catalogue module of the software to allow library database searching by entering preferred terms for information retrieval.
- The Circulation module of the software should cover all the operations of circulation, right from creating member records to printing of reminders for outstanding books.
- The Database Maintenance module should cover all operations of database creation and maintenance.
- To encourage original writing among students and teachers, the Library should provide access to a fully automated software for plagiarism check.

Administration:

- Attendance Management Software to be used by Administrative Staff and Teaching Faculty to record and track Attendance, Internal Assessment, etc. Monthly Reports, Semester End Reports should be generated to automatically calculate the Internal Assessment marks for attendance.
- Administrative Office should use Advanced Excel and File Management SystemTools to maintain effective database.
- To provide a hassle free, convenient and smooth process, administration of the college to be made paperless.
- Students must be able to obtain maximum services in online mode.
- The college will look into opportunities to automate some of its functions related to administration.
- Admin Staff to be provided with adequate training and development to keep them abreast with the new technology.

Examination: The college has adopted an online system like Rayat ERP where students can view their total internal assessment marks at the end of each semester and can report discrepancies, if any. The Examination process is regulated by the University and thuse-governance policy of the University to be adopted in this regard.

ICT TOOLS

Hardware Infrastructure

- The College to ensure that it has adequate number of desktops and laptops for students and staff.
- Computers and printers to be made available in the administrative block.
- Projectors and other multimedia devices to be provided in the auditorium, classrooms, seminar rooms and laboratories.
- The infrastructure to be complemented by , computer networking devices, scanners and interactive teaching board/smart board etc.

Software Infrastructure

- The College to maintain adequate configuration servers to allow fast transmission of data to the various computers.
- Office automation packages for desktops and laptops like Open Office, MS Office and Antivirus to be purchased and updated regularly.
