DEPARTMENT OF ZOOLOGY

PROGRAM OUTCOME (2024 Pattern NEP 2020)

PO	Statement	Graduate Attributes
PO1	To provide In-depth knowledge of the major concepts, theoretical principles and experimental skills of zoology and its various fields.	Knowledge
PO2	Ability to communicate complex zoological information effectively and efficiently.	Communication
PO3	To inculcate the ability to rationally analyze and solve animal science issues without relying on hypotheses and guesswork.	Analysis
PO4	To inculcate the ability to search for solutions and solve them logically by experimenting and processing the data manually or by using softwares.	Designing Solutions
PO5	To inculcate the ability to identify and mobilize the resources required for the project and management of the project responsibly while adhering to ethical scientific concern and bio-safety protocols.	Designing Solutions Employability
PO6	To inculcate the ability to use computers and other tools for biological simulations, calculations, appropriate bio-statistical software, and research tools to locate, retrieve, and evaluate zoology-related data.	Modern Tool Usage
PO7	To make students aware on avoiding unethical behaviour such as data falsification, forgery or deception, plagiarism and value environmental and sustainability issues.	Ethics
PO8	To make students capable of independent, self-directed learning with the aim of personal and social development.	Lifelong learning
PO9	To develop entrepreneurship qualities as this course contains almost all branches of applied zoology. One can establish a start-up project by learning various courses.	Entrepreneurship
PO10	To make students able to develop their mind with some advanced and superior knowledge, research outcomes and also the new as well as easy system of education. This will make them more reliable and capable in the world to lead the nation.	Nation Development
