Department of Physics

Experiential Learning through Practicals Report:2024-25

Venue: Physics Practical Lab

Program Co-ordinators: Mr. Shirke H.S. ,Mr. Mhaske V.P.,

Mr. Kurkute P.V., Ms. Jagtap S.B.

Introduction:

Practical provide students with hands on experience in conducting experiments, collecting data and analyzing the results. Student can learn to use various laboratory equipment, instrument and techniques. Practical's help Illustrate complex theoretical concepts making them easier to understand. Experiments verify theoretical principles, reinforcing students understanding of physics concepts. Practical's encourage students to think critically and troubleshoot the experimental issues.

Outcomes:

The conceptual understanding of students has enhanced through practicals. This gives in depth understanding of physics concepts. It fosters a spirit of scientific enquiry, encouraging student to ask questions and explore phenomena.
