7.	Objective	Slow and Advance Learners Activities were organized under the following objectives: 1. To improve the performance of slow learners. 2. To provide additional help and remedial coaching to slow learners. 3. To motivate slow learners to do better. 4. To motivate advance learners to strive for higher goals.
8.	Program Report	Various activities for slow learners were organized at department level during the academic year 2023-24. These included remedial lectures, mentoring program, class tests, peer teaching, home assignments, seminars by students. The slow learners were identified by knowledge performance test. Students were informed well in advance about all the activities. Total 30 remedial lectures were organised and 8 revision lectures were organized for the students. The lectures were conducted paper wise each day in a week for all the papers. Class tests were conducted regularly to keep a track on the performance of students. Students were also provided with additional study materials.

Remedial Teaching Course Report: 2023-24

Date: 27/04/2024

Venue: A-16 Classroom

Number of beneficiary: 32 Students

Class: F. Y. B.Sc.

Mode of the Program: Offline

Program Co-ordinator: Prof. P. V. Kurkute.

Introduction:

A remedial teaching course is designed to address specific learning difficulties or gaps in students understanding. It typically involves targeted instructions and support tailored to individual student need. The course aims to help students improve their academic performance by focusing on areas where they require additional assistance.

Objectives:

To The objectives of a remedial teaching course typically focus on addressing specific learning difficulties and helping students achieve academic success despite these challenges.

- 1) To identifies learning gap
- 2) Skill development
- 3) Boosting Confidence
- 4) Monitoring Progress

These objectives collectively aim to ensure that students with learning difficulties receive the necessary support and resources to succeed academically and reach their full potential.

Conclusion:

We are committed to empowering students with the skills and confidence needed to excel academically. Through this remedial teaching course, we aim to create positive and transformative learning journey for every student.

SLOW AND ADVANCE LEARNERS

SOP/ Guidelines for identifying slow and advance learners:

1. For Entry Level (FYBSc): Organizing Knowledge performance tests.
2. For Final Year Students (TYBSc): Performance in CIA, University Exams.
3. Categorizing students into slow and advance learners according to their performance on following criteria:

Sr. No.	Learner Type	Criteria
1.	Slow	< 40%
2.	Moderate	41 – 59%
3.	Advance	> 60%

3. Organizing following activities for both the categories of students-

A. Activities for Slow Learners:

1. Remedial and compensatory teaching
2. Mentoring
3. Providing notes and additional study material
4. Assignments

B. Activities for Advance Learners:

1. Organizing seminars/ presentations of students
2. Encourage participation in conferences, workshops etc.
3. Project work
4. Engagement in peer teaching

Case Study:

Early in the morning, 40 years old male patient came in emergency with complain of chest pain, perspiration and altered consciousness for 4 hours. Patient Patient also had diabetes diabetes mellitus mellitus for 10 years. He was asking medicine for diabetes mellitus irregularly. In history, it was found that he was chronic alcoholic and a day before chest pain, he also had heavy alcohol ingestion., with no feed intake. Doctor asked for few blood investigations. From ECG finding and abnormal cardiac function test. Diagnosis of myocardial infarction was confirmed. Following treatment was given, loading dose of anti-platelet drug (Aspirin), loading dose of hypocholesterolemic, (Statin group) drug, Fibrinolytic drug (streptokinase), 50% dextrose saline with Thiamine, (Vitamin B1). After complete management and recovery after 7 days of admission in hospital, at time discharge from hospital, physician advised to take medicines regularly and to take more amount of fruit and fiber food.

Investigation:

- Random Blood Sugar = 30 mg%
- HbA1C = 9 %
- S. Cholesterol = 350 mg%
- S. Triglyceride = 250 mg%
- S. HDL Cholesterol = 25 mg%

Questions to be addressed:

1. What are chronic complication of DM?
2. Why uncontrolled diabetic mellitus increase chances of atherosclerosis?
3. What is cardiac function test?
4. Which test will you prefer to do for diagnosis of myocardial infarction, if patient come after 4 day of onset of chest pain?

To provide additional help and remedial coaching to slow learners. 3. To motivate slow learners to do better. 4. To motivate advance learners to strive for higher goals.
8.	Program Report	Diagnostic test for identifying students into slow and advanced learners was conducted on 04/09/2023. Students were informed on their performance in the test and list of Slow and Advanced learners was published. Various activities for slow learners were organized at department level during the academic year 2023-24. These included remedial lectures, peer mentor-mentee program, peer teaching, creative thinking assignments, home assignments, seminars by students. Total 25 remedial lectures were organised and 10 revision lectures were organized for the students of various courses. The remedial lectures were conducted paper wise each day in a week for all the papers. Advance learners were assigned the job of peer teaching where each student voluntarily selected the topic and explained it to the other students. Informal seminars, viva were conducted regularly to keep a track on the performance of students. Students were also provided with additional study materials.
